

My 5 Senses

Our body has five special senses. They help us see, hear, smell, taste and feel the world around us!

Sight

We see with our eyes.

Examples:

colours

shapes

objects

Hearing

We hear with our ears.

Examples:

birds

music

sounds

Smell

We smell with our nose.

Examples:

flowers

food

perfume

Taste

We taste with our tongue.

Examples:

fruits

sweets

drinks

Touch

We feel with our skin.

Examples:

soft

rough

cold
